Resources

JIRA

- Backlog
- Kanban board
- Priority issues list

DuraCloud documentation

1. User documentation (wiki)
2. Deployment documentation (github)

Minutes

1. Sharing Sumo dashboard configurations might be something to think about in order to reduce maintenance pain across organizations.
2. We are still on for the Avoiding Obsolescence Sprint during the week of July 11.
3. duracloud-aws-deployer is ready for testing and includes duracloud, management-console, and the mill.
4. Nick is going to share the duracloud-aws-deployer with his networking colleague to ensure security is compatible with their system.
