Notes:

1. Other discussion

1. Discussion on slack replaced an actual meeting due to the collections sprint underway in Michigan. [Chris Diaz](#) raised the topic of adding the UI document [#repo-managers UI working document](#) into <http://samvera.github.io/>. The document began as instructions for an accessibility test, and grew into a guide to the Hyrax user interface. The intent is to edit it into our format, with [#repo-managers](#) being responsible for maintaining it. Ideally their goal would be to add a **Managers/Users guide to Hyrax** section which follows our existing format to <http://samvera.github.io/>. Chris will work on a proposal that follows our format, so we can discuss whether or not this should get pushed to <http://samvera.github.io/>.
