

# Component Maintenance Working Group (Phase 1)

FOR PHASE 3 and on: [Component Maintenance Working Group \(Phase 3 - Sustaining\)](#)

## Scope & Objectives

Assess the maintenance capacity of the Samvera community by identifying 6 month custodians and plans for upcoming work on core components. Upon identification of the custodians of each component a second working group will be chartered to undertake the identified work and report on the success of this process as a whole.

## Deliverables & Timeframes

### Deliverables

1. Report on criteria for what makes a "core" supported component.
  1. [http://samvera.github.io/core\\_components.html#requirements-for-a-core-component](http://samvera.github.io/core_components.html#requirements-for-a-core-component)
2. Report on effects of self-nominated product owners process
  1. [http://samvera.github.io/core\\_components.html#product-owner-responsibilities](http://samvera.github.io/core_components.html#product-owner-responsibilities)
3. Proposal for component sunset (inventory and process)
  1. <http://samvera.github.io/deprecation.html>
4. Prospective Product Owners and a small list of development priorities for supported core components
  1. [http://samvera.github.io/core\\_components.html#core-components-and-product-owners](http://samvera.github.io/core_components.html#core-components-and-product-owners)
5. Measurement of and process for determining the use of Samvera components.
  - a. [http://samvera.github.io/core\\_components.html#component-statistics](http://samvera.github.io/core_components.html#component-statistics)

### Timeframe

Current Phase: January 2019 - April 2019 (Spring Samvera Partners Meeting)

## Meeting Times & Communication Channels

Meetings are 9 AM PDT/12 PM EDT every Tuesday.
