

Hyrax Analytics Working Group - December 5, 2017

Meeting Details:

Tuesday December 5, 2017 - 10:00 AM Pacific Time

<https://oregonstate.webex.com/meet/vantuylsoregonstate.edu>

Participants:

- [Steve Van Tuyl](#) (Oregon State Univ.)
- [Hui Zhang](#) (Oregon State Univ.)
- [Gabriela A. Montoya](#) (UC San Diego)
- [Nik Dragovic](#) (Emory)

Agenda:

- **Note taker:** Gabriela
1. Update on Development Effort organization ([steve van tuyl](#))
 - a. Getting very slow response thus far
 - i. Two from UVA and one from North Carolina who may be able to dedicate their time.
 - ii. This does not include folks from Michigan yet (committed, but have not filled out the form).
 - iii. Steve will be sending out a handful of targeted invitations/pleas for help to some folks who have indicated interested and whose institution hasn't participated; UCSD will be one of those.
 1. Mike suggested that we wait until mid-January to gauge interest here. We might be fighting community fatigue.
 - iv. No good leads at this point for organizer or technical lead for this development work.
 2. Update on Documentation ([Nik Dragovic](#))
 - a. Nik added bullet points to the [Wiki](#).
 - b. Sketch out scope of work and priorities for documentation.
 - c. Need to work in coordination of organizers of the development effort.
 - i. Need to get further into the development work before we can get fully started on documentation.
 3. Next steps:
 - a. Wait until development effort is closer and fully formed before we can start the first round of documentation.
 - b. Where will the documentation go and live?
 - i. <http://samvera.github.io/> page
 - c. Consider spinning this Working Group down.
 - d. Hui has volunteered to join the documentation group.
