Discussion

1. **Registration status update.**
Registration currently in the high 20s. Too early for this to be a cause for concern - some people still travelling after OR, some waiting for outline program, some waiting for new fiscal year etc.
2. **An inquiry from Yale on if we would offer single day passes.**
After discussion decided "no". Potentially these places take away from full-conference capacity and they are too much of an admin overhead. Even at \$135 (the full ticket price) for a day, this would not represent expensive training.
3. **Local restaurant list (and if they take reservations) and transportation directions for Boston.**
Karen will start (Google) lists of lunchtime and evening eating recommendations. Steven and Eben will produce something on transport options to /from airport and from the BPL/hotel to/from Northeastern (for those going to workshops there).
4. **Next Meeting:**
July 14th at 11:00 AM EST.
