

# 2018-09-20 Meeting: \$1 Pilot

See also the [ISNI \\$1 Pilot in OCLC WorldCat bibliographic records](#) page.

## Date

20 Sep 2018

## Presenters

- Nathan Putnam, OCLC
- Chew Chiat Naun, chair: [PCC URIs in MARC Task Group](#)

## Attendees

- Any interested members of the PCC ISNI Pilot cohort

## Agenda

Discuss an opportunity for members of the PCC ISNI Pilot cohort to test new \$1 functionality within OCLC WorldCat

- Intro on goals of this \$1 Pilot within the PCC ISNI group (Michelle)
- What has changed in WorldCat and what do catalogers need to know to utilize the new functionality via Connexion (Nathan)
- Information from the URIs in MARC Task Group work that will guide catalogers (Naun)

Slides from Nathan describing [\\$0 and \\$1 functionality in WorldCat](#)

- **PLEASE NOTE:** When clicking link above, it will open only the first slide in preview mode. Please download the file in the upper right menu to view the content of the entire slide deck.

## Recording

[File Download](#)

- **PLEASE NOTE:** When clicking the above link, the wiki will open a window through which you can listen to the recording (or you can download it via the link in the upper right of the screen). Do not be alarmed that it says there is no content. It is a voice recording, so there is no content to view until the segment of the meeting where Nathan shared his slides.

## Q&A

**Q: Is \$1 available with Z39.50 searching?**

A: Yes.

**Q:**

A:
