What

[South Central States Fedora Users Group Meeting](#).

The meeting will include:

- presentations on current implementations and work underway at peer institutions
- discussion for users considering the tool
- conversations intended to foster collaboration among users and in support of the Fedora project
- Fedora 5 updates and workshop

We ask for attendees to present upon their various projects in either long or short sessions.

Who

We welcome anyone in the region both currently using Fedora or considering using Fedora for the management of digital assets as a repository or archive. This meeting is for all ranges of technical skill level.

Registration is closed
