# 2018-12-07 Updates

Here we recap the events of the past month.

### MOU and Budget

Beginning in September, Julia Trimmer and Mike Conlon worked with Erin Tripp to create a draft Memorandum of Understanding and a draft budget for 2019. You can find both in the Leadership Group Google Drive folder

#### Conference

The 2019 VIVO Conference will be in Podgorica, Montenegro, September 4-6, 2019. Announcement here: https://duraspace.org/save-the-date-vivo-2019-september-4-6-podgorica-montenegro/

- 1. The conference committee is meeting every two weeks on Wednesdays at 10 EST.
- Conference progress updates will be posted on the wiki page: VIVO Conference Planning Task Force. We have a keynote speaker and two
  invited speakers confirmed. Communication about invited seakers is comming up in a couple of weeks. Follow the website: <a href="http://vivoconference.org/">http://vivoconference.org/</a> for most up to date information. Many potential sponsors have been contacted but no sponsorships have been committed yet.

## **Action Planning**

- 1. Vision. Has not met.
- 2. Governance and Structure. Is meeting weekly on Thursdays at 11 AM US Eastern. Daniel has summarized survey results and the group is reviewing the document.
- 3. Product Evolution. Meets weekly Wednesday 11 AM US Eastern. Meeting notes here: https://docs.google.com/document/d /1rhsW7EKhQyfHRrzh7wZNziosJAfliduXxQQVcT1w0bl/edit# See Slack channel for pinned items and conversation. The group finished a first draft of the data model and has been discussing ways to continue their work in the upcoming sprint.
- 4. Community Development. Is meeting monthly but our group struggles to find time to work outside the committee.
- 5. Resources. Is meeting bi-weekly. Contact Terrie Wheeler for details.

#### Task Forces

- 1. Membership Task Force: David Wilcox has joined the group to help devise new solutions for increasing VIVO memberships.
- 2. Development meets weekly to discuss and work on VIVO issues. Andrew Woods organizes.
  - a. 2018-12 Sprint a project success
    - i. Excellent Leadership support and developer engagement (19 notional developers, 10 active developers)
    - ii. Although the focus has been on "development process", the quality engagement has resulted in real advancement for the software
      - 1. Internationalization
      - 2. Documentation
      - 3. Alternate triplestore support (Blazegraph)
      - 4. Bug fixes
      - 5. UX improvement
      - 6. Build process and Vagrant refresh
      - 7. Ontology improvements
    - iii. Notable participants some are long-standing team members, some are new. How do we encourage ongoing engagement? They are GREAT!
      - 1. James Silas Creel / William Welling Texas A&M
      - 2. alessandro galasso Cineca
      - 3. Svantje Lilienthal TIB
      - 4. Laura Wrubel George Washington Univ
      - 5. Benjamin Gross Clarivate
