

"On the ground" discussions and work

We will capture some of the initial discussions and brainstorming related to Discovery work in the grant on this page. Please feel free to add your thoughts and queries.

- [Slides reviewing related discussions and content](#): part of starting informal discussion around this topic
- Initial areas of exploration
 - [Review](#) of usability work/user-studies around discovery and catalog systems (focusing on but not limited to Blacklight)
 - [Discussion/Interviews](#) with researchers/students regarding search and discovery.
 - Local institutional goals and planned work overlapping with grant goals
- [Folder with preliminary notes](#)
 - [Meeting notes](#)
- [Knowledge panel examples](#) (this set may evolve over time)
