

# Durable identifiers for resources

|  |   |
|--|---|
| Title  | Durable identifiers for resources   |
| Primary Actor                                      | Digital Archivist   |
| Scope  | System (black-box)  |
| Level  | Summary   |
| Story (A paragraph or two describing what happens) | Provide durable identifiers to resources that do not change based on containment of the resource or location of the resource in its backend representation.<br>Once a resource is created, there should be a permanent way to locate it so long as it is not deleted. |
