

Profile Wranglers

Each partner and cohort institution/organization (except LC) will assign someone to be the point person for their institution's profiles ("the profile wrangler"). The role of this person is to:

- be responsible for loading, managing, and maintaining profiles in their institutional directory
- ensure that their institutional profiles follow best practices as designated by the Profiles Working Group and/or whatever group follows that deals with best practices
- provide initial review & training assistance for other members of their institution in creating profiles
- serve as the point person for the institution to the cohort for any questions/comments about their institution's profiles

The Profile Wrangler should:

- have or develop a basic understanding of profile creation
- have or develop an understanding of basic github
- remain current with best practices as they develop

Thing Profile Wranglers need to complete to create & save profiles

This is a dynamic list. Things will be added once they are known.

- Join the Profiles Working Group list (even if you don't want to be part of the working group itself). (Email or Slack Nancy Lorimer for an invite)
- Request invite to become a member of the LD4P group in github, if you haven't already received one (Email or Slack Nancy Lorimer for an invite)
- Create a subdirectory for your institution in the cohort-profiles directory. See [here](#) how to do it.
- Decide on how you will name your institution in a profile/resource template id. Add that code/name to the list in the readme file of the cohort-profiles directory

Institution	Name	Email	slack
Chicago	Thomas Dousa	tmdousa@uchicago.edu	
Cornell	Steven Folsom	sf433@cornell.edu	
CU Boulder	Jim Kalwara	james.kalwara@colorado.edu	
Duke	Jacque Samples	jacqueline.samples@duke.edu
