# What's New?

New and interesting updates to the wiki or projects at other institutions.

- 7 May 2021 - Spotlight 3.0 release notes
    - User-friendly language version of 3.0 release impacts to Spotlight at Stanford - see March-April 2021
- Three recorded demos from our Spotlight Community call on Friday, 12 February 2021.
    - **Demo #1 - https://youtu.be/xnZv3atcGrw**
    Demo by Cathy Aster, Product & Service Manager, Stanford Libraries on the new browse group feature developed and released by the Stanford team this month, to Spotlight v3.0.0.rc4. Demo features the *Digital Library of the Middle East* - a standalone Spotlight instance, which is a partnership with the Council on Library and Information Resources, the Quatar National Library, and Stanford Libraries.
    - **Demo #2 - https://youtu.be/-tF3DZzLsxw**
    Demo by Andria Olson, Assistant Map Librarian, Stanford Libraries featuring a discussion of the purpose and context of ArcGIS StoryMaps using the embed widget in two Spotlight at Stanford exhibits: *Cartographic Symbologies* and *Mining Maps and Views*.
    - **Demo #3 - https://youtu.be/78RMKK--6TM**
    Demo by Melissa Murphy, Reference Librarian & Heather Oswald, Manager of Public Services, Harvard, featuring CURIOSity exhibit *The South Sea Bubble, 1720* and embedded tools: Omeka Neatline and ArcGIS StoryMaps.
