### Discussion items

Time	Item	Who	Notes
5m	Reiterate WG goals		
10m	Member introductions	All	
15m	Establish meeting schedule	All	The group agrees to meet bi-weekly initially and will change the frequency when it becomes appropriate  8am pacific time, every 2nd and 4th Thursday of the month
10m	Selection of chairs/co- chairs	All	The group agrees to John K. & Kurt co-leading the initial meetings and then possibly making a change. Kurt informs the group that while the CDL staff is willing to take on the initial responsibility, we are really looking for other individuals and organizations from the community to step forward into leadership roles over time.
20m	Logistics (email list? call technology, note-taking, reporting to AG)	All	Zoom is fine for teleconferencing, as is a google group and a rotating note-taker  Advisory Group liaisons are Kurt, John K, and John Howard  Need to shared overview docs and central place ("brochure site") for ARKs  The group agrees to use the Confluence wiki space for collaboration  The group agrees to use a Google Group for communication  Peter ask a question about the draft questionnaire from the ARK Summit  Sebastien shared link: Latest survey draft  Tracy asked whether there is additional background she (and other group members) should know  Action item: John shared a link in chat and will put a permanent link on the wiki  For the next meeting, John & Kurt will prepare a packet of resources regarding ARKs & AITO; during the meeting CDL staff will relay the history of how we got to this point and share our vision of the future. This will help to better frame and define the tasks assigned to the working group.
