

VIVO Scholar Task Force

On June 17 2020, the task force released VIVO Scholar 0.9.0-beta and Scholars Discovery 1.0.0-RC1.

VIVO Scholar is a new, optional user interface for VIVO. Scholars Discovery is the multi-purpose middleware component that provides data for VIVO Scholar. VIVO Scholar work with VIVO implementations at version 1.10 and above. Check out the live [VIVO Scholar demo](#) and the [VSTF Test VIVO](#) that furnishes sample data.

For more information, see the [VIVO Scholar README in GitHub](#) and the [Scholars Discovery README in GitHub](#). Questions or comments? Get in touch on the [#vivo-scholar Slack channel](#) or contact anyone on the [VIVO Scholar Task force](#).
