Agenda & Notes

Review actions from 2019-06-21 Cornell LD4P2 Meeting notes

- E. Lynette Rayle to put together a lookup status board. Need also to make it clear that each authority in Sinopia/QA has an owner that is responsible for getting to agreement about how we want the authority to work (e.g. ranking) and that the YAML test settings should reflect these decisions
 - First pass at https://github.com/LD4P/qa_server/wiki/Authority-Status – need to think about what will be understood by cohort members
- Steven Folsom to suggest possibility of regular lookups update on Sinopia use group calls
