Notes

Commit Process

1. Suggestion: Change to only needing one committer (from different org) to merge
 - At least for bug-fixes and documentation
 - Need a label to identify that the PR is a "bug-fix"
2. New features should continue with current process
3. Revisit process annually... start with 180 day trial period
4. At least one person does detailed review
 - Verbal sign-off from others
5. ACTION: Andrew to draft updated proposal and call a vote from committers

Tickets

1. <https://jira.duraspace.org/browse/VIVO-1718>
 - Only works with TDB
 - Postpone until after SDB/TDB conversation
 - Would be better to work with RDFService
