

DSpace Ambassador Meetings

Meeting Schedule and Attendance

DSpace Ambassador meetings are a time when the Ambassadors and any interested community member can discuss issues related to helping to further the DSpace user network. DSpace Ambassadors aim to help new/potential DSpace users in their region/country as well as encouraging and strengthening contact between existing users. We welcome anyone and everyone to attend, speak their opinions or just listen in on the discussions. Please note that we archive all discussions (see Meeting Archives below), as a service for those who are unable to attend. Currently there are no regular meetings for the DSpace Ambassador group.
