

Emetsger__ExampleAspects

These are some local customizations Johns Hopkins has made to Manakin aspects.

- Adds local Subversion revision information to the DRI [User__Emetsger__ExampleAspects__JscholarshipSvnInformation](#)
- Adds context related to JHU single sign on [User__Emetsger__ExampleAspects__SSOInformation](#)
- Restricts single sign on users from editing portions of their profile [User__Emetsger__ExampleAspects__RestrictProfileEdit](#)
