

How To Guides

For JSPUI specific How-To Guides see [JSPUI How To Guides](#). For XMLUI (Manakin) specific How-To Guides see [XMLUI How To Guides](#). If you add your own How-To Guides to this wiki, please add the appropriate labels to let them appear in this listing. Here's a quick reference to the labels to use!

- 'howto' - page will appear in this general "How To Guides" listing
- 'jsphowto' - page will also appear in the [JSPUI How To Guides](#)
- 'manakinhowto' - page will also appear in the [XMLUI How To Guides](#)

How To Guides (Alphabetically)

- Add a custom metadata schema
 - howto
- Add a new format to the bitstream registry
