Data Loading Status

Collection Object Loading

We are writing a collection loader to attach the EAD files and the Images to the collection objects. We already have foxml, and we already load the straight foxml.

Data needs updating (in /afs git repos, then download to /data_raw on hypat-x):

- foxml: repository home pages (emails from Peter 10/10)
- foxml: URLs for finding aids (emails from Peter 10/10)

Collection loader status:

- ~~foxml~~
- will do these by hand on hypat-demo
  - attach Images
  - attach EAD
  - create and attach thumbnail images

Collection Name / Institution	Collection foxml	Collection EAD	Collection Image	loadable on - dev	loaded to - test	loaded to - demo
Cheuse / UVa	✓	✓	✓	foxml only	foxml only	✓

Disk Image Object Loading

Disk Image loader status:

- **add thumbnail images**
- figure out why all disk image items aren't loading for Koch or Tobin
- ~~rework for improved object models (descMetadata, importing/linking to (dd) and photo images)~~

Collection Name / Institution	have disk images	have FTK .txt files for disk images	loadable on - dev	loaded to - test	loaded to - demo	Notes
Cheuse / UVa	✓	no	✓	✓	✓ (7)
