Master's Programs:

Kings College London
MA in Digital Asset Management : http://www.kcl.ac.uk/artshums/depts/ddh/study/pgt/madam/index.aspx

Related Curriculum Development:

Digital Libraries Curriculum Project: http://curric.dlib.vt.edu/

This project breaks DL curriculum into modules that can be used to design DL courses. Some modules take a more Computer Science approach, but they are all worth review before developing a Digital Libraries course, or as a potential model for Digital Curation Curriculum module development.
