Please add additional agenda items or updates – we always welcome suggestions

Updates

- Colorado –
 - Alex possibly to present a demonstration of the system that they are using to curate data from Faculty Profiling system prior to being implemented in the VIVO system
 - Speaking with Kristi Holmes about hosting an implementation festival in CU-Boulder - May 14-15-16 (dates not final yet)
 - Provost meeting with Pac-12 Provosts group - will invite some Pac-12 sites to the implementation festival
 - Received funding for full-time developer to add to the staff
- Cornell – Congratulations on a 1.4.1 release; brief review of possible new features in 1.5, and request to start thinking about what features are most important
- Florida –
 - People ingest / course ingest are working
 - The Booz-Allen-Hamilton or CTSA Connect grant started up on 2/1, with Melissa Haendel at Oregon Health & Science University the PI – also involves Harvard, Stony Brook, SUNY Buffalo, and Cornell (<http://ctsaconnect.org>)
 - Stephen gave a presentation at VIVO Community Day 2/6 in Melbourne, Australia
- Indiana – David Cliff from Melbourne has been hired and is being added back to the project to assist; has questions about some of the mini-grants and tools available to integrate with VIVO:
 - Duke widgets and open social widget
 - Cornell Drupal connector (Miles Worthington), including adding a SPARQL endpoint to Drupal - <http://drupal.org/sandbox/milesw/1085078>
 - Cornell Semantic Services to dump VIVO data to departmental pages – <http://semanticsservice.svn.sourceforge.net/>
 - Elda linked data API and any work with that at Cornell or in Thailand with Miles Worthington – <http://elda.googlecode.com/hg/deliver-elda/src/main/docs/index.html>
- North Texas –
 - Hooked up with Kristi Holmes outreach for iConference in Vancouver, Canada - iSchool movement (iConference) (Indiana, Syracuse, 30 total)
 - Commonality with Information Schools to create basic VIVO with Persons, Research Pubs, Grants, Organizations - using JDBC and promoting VIVO and Harvester
- Weill Cornell – upgraded to 1.4 (one hour before 1.4.1 was released!) - noticed some odd display of numbers (vertical instead of horizontal) - other than that, the upgrade went well.
