Development Call 20120308

Calls are held every Thursday at 1 pm eastern standard time (GMT-5) – convert to your time at http://www.thetimezoneconverter.com

Please add additional agenda items or updates – we always welcome suggestions

Updates

- Colorado
- Cornell
- Duke
- Florida
- Indiana
- Johns Hopkins
- North Texas
- Stony Brook
- Weill Cornell – 1) wrapping up Scopus Harvester; 2) subject area instead of keyword for publications; 3) interested in knowing more about UMLS concept search and implementation.

Current development issue discussion

- Stephen: update on trial transition of Harvester source code version control to Github
    - Do we know yet what ancillary features Github supports, and how they compare to SourceForge?
    - What would be required to migrate the wiki, for example?

Notable Development List Traffic

- DOI vs URI – response from Mummi Thorisson
- release of the eagle-i ontology on BioPortal
- Virtual appliance – should we develop a 1.4 version prior to the Implementation Fest in May?
- Help with example CSV file (csvPerson) apparently getting into an infinite loop
- Behavior of UMLS concept search
    - number of results returned
    - a new lookup removes a concept from the existing list

Implementation Fest planning

- Google spreadsheet of possible topics by audience
