

Digital Preservation Network

The Digital Preservation Network is being created by research-intensive universities to ensure long-term preservation of the complete digital scholarly record. The main DPN website with news and general information is at <http://www.dpn.org> This complementary wiki hosts more detailed information. To contact DPN Chief Operating Officer Mary Molinaro call 859-608-6310 or email [mary \(at\) dpn.org](mailto:mary@dpn.org).

Overview of the DuraCloud Vault Service

- [View webinar](#)
- The DuraCloud Vault (DCV) is the primary ingest point for member content.
 - Member institutions who are not affiliated with AP Trust will use DCV for content upload and submission to DPN.
 - All content uploaded to DCV will be serviced by the Chronopolis Ingest Node.

Definition of Services
