Implementation and Development Call 20140109

Calls are held every Thursday at 1 pm eastern time (GMT–4 in daylight savings, GMT-5 standard time) – convert to your time at http://www.thetimezoneconverter.com

View and edit this page permanently at https://wiki.duraspace.org/x/BwV3Ag, or use the temporal Google Doc for collaborative note taking during the call.

Announcements

- Ontology Working Group: next call is January 15 @ 2PM EST
- Apps and Tools Working Group: next call is January 21 at 1PM EST
- Upcoming Events
    - Duke will be hosting the **2014 VIVO Implementation Fest** from March 19-21, with a hackathon starting Tuesday the 18th – reserve your hotel room today and stay tuned for more information in coming weeks
    - Chris Barnes is soliciting input on possible development projects for the hackathon

Documentation for next release

- Jim is seeking comments: https://wiki.duraspace.org/display/VIVO/Proposal%3A+maintaining+release-specific+info+on+the+Wiki

Updates

- Brown (Ted)
    - reviewing feedback/survey results from faculty testers
    - working with CV publication data, e.g. normalizing journal names
    - expect to attend the Implementation Fest (Steve and Ted)
- Colorado (Alex)
    - documenting our implementation with Stephen's transition
- Cornell (Brian, Jim, Tim, Huda)
    - answering questions on the dev mailing list
    - catchup on other project held while they were working on 1.6
    - VIVO Cornell planning to move to 1.6 before IFest
- EPA (Zac)
    - No updates again today, but thanks for having me on
- Florida (Nicholas)
    - augmented articles with meta data, e.g. SKOS concepts from PubMed keywords and links to article full text and abstracts via DOI resolution (on campus)
    - cleaning up duplicate PubMed IDs and bugs in course data ingest
    - Nicholas will have an AMIA conference poster on data checker software, and another UF poster on PeopleSoft people ingest software
- Memorial (Lisa, John)
    - first day back since before holidays -- campus was closed due to deep freeze and rolling power outages
    - hired Miles Worthington to work with Max, and setup a Drupal 7 install using new VIVO 1.6 API to address their needs for web content management functionality -- will work with graphic designers on the Drupal site
    - still planning Spring 2014 go live of new VIVO-backed, Drupal-based Yaffle site which will also be New Brunswick and College North Atlantic (17 campuses), generating interest at a number of other Canadian universities
    - Max successfully migrated older Yaffle data to VIVO 1.6
- RPI -- still planning to demo VIVO+CKAN next Thursday, January 16
- Scripps (Michaeleen)
    - continuing quality control review of faculty profiles and publications
    - no date yet for v.1.6 upgrade - perhaps February
- Stony Brook (Tammy)
    - Error occurs sporadically. Usually on application restart. The error looks "bad" but it doesn't actually seem to affect anything: ERROR [VClassGroupCache] Could not build VClassGroupCache. Could not connect with Solr after 5 attempts. java.net.SocketTimeoutException: Read timed out.
- UCLA (David)
    - Trying to get VIVO working with SQL Server, but could default back to MySQL, but investigating report issue further -- Jim will also follow up
    - Looking at VIVO ontology and comparing them to business objects that their analysis & design is discovering in UCLA effort (Opus https://www.apo.ucla.edu/initiatives/opus)
    - would like to speak with someone about using a different user interface for VIVO CRUD, SPARQL update capabilities, and syncing VIVO data with a relational DB-based data source -- Jim will follow up with JonCR
    - David supported and enhanced faculty information system at Brown, Meg worked on a system at Ohio State that was acquired by TR
- UCSF (Eric)
    - hosting Profiles for other universities starting with California (not just UC System) -- will be launching a site for USC and UCSD, and to cross link their profiles with UCSF profiles
    - persisting clinical data -- how does this fit with current VIVO 1.6 ontology? Based on the OWL file that he downloaded -- Brian will follow up regarding ISF ontology
    - have been asked about hosting VIVO as well as Profiles -- talking to a local (Bay Area?) commercial vendor interested in this

- Leslie Yuan will be presenting on UCSF CTSI technology work/innovation at University of Melbourne 2014 research networking conference in February
  - Have a presentation for AMIA -- maybe could have a preview on a future call?
  - Eric: could talk about these and other topics (ORNG) at IFest -- Alex will introduce a few people via email (Julia, Jon, Jim)
- Weill Cornell (Eliza)
  - Eliza: thanks for help with issue posted to list
  - looking at end of January launch of their public VIVO, with a 1.6 update effort made afterwards given their numerous customizations

Notable list traffic

- Vivo with SQL Server?
- Trouble creating a dura space account
- Associated profile autocomplete not working (RESOLVED)
- using sql server with vivo
- Documentation for the next release
  - Please comment: https://wiki.duraspace.org/display/VIVO/Proposal%3A+maintaining+release-specific+info+on+the+Wiki
- Leaving VIVO as my 9 to 5 (Stephen Williams)

See the vivo-dev-all archive and vivo-imp-issues archive for complete email threads

Call-in Information

- Date: Every Thursday, no end date
- Time: 1:00 pm, Eastern Daylight Time (New York, GMT-04:00)
- Meeting Number: 641 825 891

To join the online meeting

- Go to https://cornell.webex.com/cornell/e.php?AT=WMI&EventID=167096322&RT=MiM2
- If requested, enter your name and email address.
- Click "Join".

To join the audio conference only

- To receive a call back, provide your phone number when you join the meeting, or call the number below and enter the access code.
- Call-in toll-free number (US/Canada): 1-855-244-8681
- Call-in toll number (US/Canada): 1-650-479-3207
- Global call-in numbers: https://cornell.webex.com/cornelluniversity/globalcallin.php?serviceType=MC&ED=161711167&tollFree=1
- Toll-free dialing restrictions: http://www.webex.com/pdf/tollfree_restrictions.pdf
- Access code: 645 873 290
