

Integrations - Personal Identifiers (ORCID)

Title (Goal)	Integrate use of ORCID personal identifiers
Primary Actor	Admin
Scope	Metadata Model, User Interface
Level	Summary level - no specific integration recommendations
Story (A paragraph or two describing what happens)	<p>Open Contributor Researcher Identifiers remove the ambiguity of personal name literals, as used in metadata describing objects in the system.</p> <p>The system will support the use of these unambiguous identifiers and the services that they enable.</p>
