Implementation and Development Call 20130620

Updates

- Colorado (Stephen and Alex)
    - plan to release Harvester based ingest, replacing legacy Selenium-based approach, next week
    - much faster using the Harvester process!
    - fixed search page results pull request
    - JIRA ticket updates
- Cornell (Jim, Brian Lowe, Tim, Huda)
    - planning 1.6 release
    - Huda planning to to test how Datastar functions as a VIVO-Datastar app (i.e. looks like VIVO, not Datastar, but has additional dataset functionality)
- Duke (Richard, Patrick and Jim)
    - setting up Fuseki SPARQL endpoint
    - more discussion about how to leverage Symplectic Elements for other data
- Memorial (Max)
    - working on reviewing documentation to inform work plan/schedule
- Scripps (Michaeleen)
    - Continuing to work on two data projects in preparation for grant ingest (PMID/PMCID article identifiers & primary faculty appointments)
- Stony Brook (Tammy and Erich)
    - working on Web ID for VIVO servlet, trying not to modify VIVO core code
    - trying to package it as a separate WAR file, but abandoned due to inter-WAR communication being not standard Java Servlet container spec
    - back to using WAR context, to stay on track for conference prototype -- could maybe solve the comm issue using EJBs or Apache TomEE
- Texas A&M (Violeta)
    - have a test server
    - thinking about CSV ingest
- Weill Cornell (Paul)
    - finished conventional logging of pub ingest and working on exception logging, to suggest places to improve queries
    - discussion of best source(s) for org names, e.g. depts, labs, dept divs, physician's orgs
    - address data issues, like missing or duplicate labels

VIVO webinars

- All slides and recordings are available online through DuraSpace

VIVO 1.6

- VIVO 1.6 release code freeze is July 22 to allow 3 weeks of testing before the VIVO conference
- See the VIVO 1.6 release planning or VIVO 1.6 JIRA issues and please comment

VIVO 2013 Conference

- List of sessions and poster posted here (PDF)
- Register before Tomorrow, June 21 for best rate and conference hotel availability
    - https://www.eiseverywhere.com/ehome/vivo2013/register/
    - Through June 21st - $350
    - June 22nd – July 19th - $450
    - July 20th – August 13th - $550
    - Onsite - $600

    - Conference rate $129.00+taxes for single/double room, and is only valid through July 13th based on availability
    - Click here to book your hotel room reservation.
- Wednesday night baseball game (Cardinals vs Pirates) and cold beer!

VIVO to Join DuraSpace Organization as Incubated Project

- **Press release**

Notable implementation and development list issues

- VIVO API, first draft (Jim)
- Open Data Stack Exchange (public beta) also license free Semantic Web SE (proposal stage) vs answers.semanticweb.com (Alex) – Discourse is a related technology in beta that has more of a forum format
- Slow loading of profiles when logged in (Tyler, Don)
- Rebuilding and restarting a test instance from scratch (Giuseppe)
- Has anyone responded to Mark Fallu regarding profiling? **(Jim responded off-list)**

Call-in Information

Date: Every Thursday, no end date

Time: 1:00 pm, Eastern Daylight Time (New York, GMT-04:00)

Meeting Number: 641 825 891

To join the online meeting

- Go to https://cornell.webex.com/cornell/e.php?AT=WMI&EventID=167096322&RT=MiM2
- If requested, enter your name and email address.
- Click "Join".
- To view in other time zones or languages, please click the link: https://cornell.webex.com/cornell/globalcallin.php?serviceType=MC&ED=167096322&tollFree=1
- If those links don't work, please visit the Cornell meeting page and look for a VIVO meeting.

To join the audio conference only

- To receive a call back, provide your phone number when you join the meeting, or call the number below and enter the access code.
- Call-in toll-free number (US/Canada): 1-855-244-8681
- Call-in toll number (US/Canada): 1-650-479-3207
