- Fedora Tech Call

- Yinlin
  - Yesterday:
    - Worked on
      - Re
      - The nonRdfSource need to add fcr:metadata in the end in order to see the DC information.
      - The code location is https://github.com/fcrepo4/fcrepo4/blob/5c889d110960432167167aa098fb5529ef14fe18/fcrepo-kernel-impl/src/main/java/org/fcrepo/kernel/impl/rdf/impl/PropertiesRdfContext.java
  - Today:
    - Find out how to get nonRdfSourceDescription properties and include that in the PropertiesRdfContext.java.
    - I have a meeting start from 10am, will join Fedora Tech meeting after that meeting.
    - I will work on it this afternoon.
