

Use Case: Improved management & visibility of the File Format Registry

Title (Goal)	Improved management & visibility of the File Format Registry
Primary Actor	Administrator
Scope	File Format Registry
Level	uc-admin
Story (A paragraph or two describing what happens)	<p>The administrator should be able to:</p> <ul style="list-style-type: none">- search the content of all the information in the File Format Registry- choose to make the File Format Registry publicly visible (currently our team has a duplicate of the content of the registry on a wiki to allow us to search, and to be able to say it is publicly visible, for our application for the Data Seal of Approval, because it is a requirement)
