

# Fedora Camp - 16-18 November 2015

## What

Fedora Camp

## Where

The Edge: The Ruppert Commons for Research, Technology, and Collaboration  
Duke University Libraries  
Bostock Library  
411 Chapel Dr  
Durham, NC 27708

## Directions

The easiest (free) way to get to the library is to use the [Bull City Connector](#). It runs every 17 minutes (starting at 6:30am) and it stops about 2 blocks from the library (Research Dr at Circuit Dr). It also picks up at the Hilton Garden Inn. If you are staying elsewhere, just use Google Maps to find the nearest stop.

There is also a shuttle that goes from the Hilton Garden Inn to the library, but it only holds 8 people and we can't reserve it, so please be prepared to use the Bull City Connector (or another means) if the shuttles are full.

From the Bull City Connector stop, use [this route](#) to get to the library. Proceed downhill on Research Drive past Levine Science Research Center on your right. Take the walkway to the right just after the red brick Hudson Hall Engineering Building and the next walkway to the left at Fitzpatrick Center for Interdisciplinary Engineering, Medicine and Applied Sciences/Twinnie's Cafe. Follow this up the stairs, across Telcom Drive, up the stairs, and enter Bostock Library on the left under the archway. The Edge Training Room is on the side of the library opposite the doors and to the left on the ground floor.

To avoid stairs, take Research Drive to Telcom Drive, take the first walkway to your left behind Bostock Library, turn right and right again to round the building. The door to Bostock will be on your right.

## Parking

If you require parking at the library, please contact [David Wilcox](#) to reserve a space.

## When

16-18 November 2015

## Preparations

Virtual machine installation instructions will be posted once an updated version of the VM has been released. VMs will also be available on thumb drives at the camp.

# Agenda/Presentations

## 16 November

| Time        | Activity                                                           | Presenter(s)                           |
|-------------|--------------------------------------------------------------------|----------------------------------------|
| 8:30-9:00   | Registration and Light Breakfast                                   |                                        |
| 9:00-10:00  | Welcome and Introductions                                          | All                                    |
| 10:00-10:30 | <a href="#">Fedora/DuraSpace Update</a>                            | David Wilcox                           |
| 10:30-11:00 | Break                                                              |                                        |
| 11:00-12:00 | <a href="#">Introducing Fedora Repositories</a>                    | David Wilcox                           |
| 12:00-1:30  | Lunch (provided)                                                   |                                        |
| 1:30-2:30   | <a href="#">Fedora In-Context: Front-ends</a>                      | David Wilcox<br>Unknown User (acoburn) |
| 2:30-3:30   | <a href="#">Fedora In-Context: Indexing</a>                        | Unknown User (acoburn)                 |
| 3:30-4:00   | Break                                                              |                                        |
| 4:00-5:00   | <a href="#">Object Modeling: Fedora 3, PCDM and Best Practices</a> | Esmé Cowles<br>Unknown User (acoburn)  |
| 6:00        | Reception                                                          |                                        |

## 17 November

| Time        | Activity                                                    | Presenter(s)                          |
|-------------|-------------------------------------------------------------|---------------------------------------|
| 8:30-9:00   | Light Breakfast                                             |                                       |
| 9:00-9:30   | Review/Q&A                                                  | All                                   |
| 9:30-10:30  | <a href="#">Object Modeling: Linked Data Platform</a>       | Esmé Cowles<br>Unknown User (acoburn) |
| 10:30-11:00 | Break                                                       |                                       |
| 11:00-12:00 | <a href="#">Migration to F4 - Concepts and Planning</a>     | Michael Durbin                        |
| 12:00-1:30  | Lunch (provided)                                            |                                       |
| 1:30-2:30   | <a href="#">Migration to F4 - Hands On</a>                  | Michael Durbin                        |
| 2:30-3:30   | <a href="#">Core Features - CRUD, Versioning, Fixity</a>    | Michael Durbin<br>Esmé Cowles         |
| 3:30-4:00   | Break                                                       |                                       |
| 4:00-5:00   | <a href="#">Core Features - Authorization, Transactions</a> | Unknown User (acoburn)                |
| 7:00        | Dinner                                                      |                                       |

## 18 November

| Time        | Activity                                 | Presenter(s)           |
|-------------|------------------------------------------|------------------------|
| 8:30-9:00   | Light Breakfast                          |                        |
| 9:00-9:30   | Review/Q&A                               | All                    |
| 9:30-10:30  | <a href="#">Deploying Fedora 4</a>       | Michael Durbin         |
| 10:30-11:00 | Break                                    |                        |
| 11:00-12:00 | <a href="#">Extending Fedora - Camel</a> | Unknown User (acoburn) |

|            |                                                                       |                                       |
|------------|-----------------------------------------------------------------------|---------------------------------------|
| 12:00-1:30 | Lunch (provided)                                                      |                                       |
| 1:30-2:30  | <a href="#">Extending Fedora - When and Where to Add New Behavior</a> | Esmé Cowles<br>Unknown User (acoburn) |
| 2:30-3:00  | <a href="#">How to Get Involved, Where to Get Help</a>                | Esmé Cowles                           |
| 3:00-3:30  | <a href="#">Fedora Forward</a>                                        | Andrew Woods                          |
| 3:30-4:00  | Break                                                                 |                                       |
| 4:00-5:00  | Discussion and Wrap-up                                                | All                                   |

## Catering

A light breakfast, lunch, and an afternoon snack will be included on each day of the camp. Vegetarian and gluten-free options will be available based on the dietary restrictions indicated on the registration form.

## Social Activities

### Reception - 16 November

A reception will be held on November 16 at the [Hilton Garden Inn, Durham-University Medical Center](#) (the same hotel many attendees are staying at) starting at 6pm. Each attendee will receive a drink ticket, and additional drinks can be purchased at the bar. A selection of appetizers, including vegetarian and gluten-free options, will be included as well.

### Directions

If you are not staying at the Hilton Garden Inn, you can get there (for free) from the library by taking the [Bull City Connector](#). The bus runs every 17 minutes until 9pm. You can use [this route](#) or just check Google Maps for the next bus. The address of the hotel is:

Hilton Garden Inn, Durham-University Medical Center  
Blackwell A Meeting Room  
2102 West Main Street  
Durham, NC 27705

### Camp Dinner - 17 November

An informal dinner will be held on November 17 at [Bull City Burger and Brewery](#) starting at 7pm. A limited menu will be available to choose from; selections include:

- Hamburger or veggie burger (gluten-free buns available)
- Cheese or bacon
- French fries
- Fountain drink
- Ice cream

A limited number of pitchers of beer will also be provided.

### Directions

If you are staying at the Hilton Garden Inn, the easiest way to get to the restaurant is to take the [Bull City Connector](#), a FREE bus that runs from Duke University to downtown every 17 minutes (until 9pm). The schedule is available via Google Maps as well - [here is a route](#) that will get you from the hotel to the restaurant on time. The full address is below:

Bull City Burger and Brewery  
107 East Parrish St.  
Durham, NC 27701

## Summary

Training will begin with the basics and build toward more advanced concepts—no prior Fedora 4 experience is required. Participants can expect to come away with a deep dive Fedora 4 learning experience coupled with multiple opportunities for applying hands-on techniques working with experienced trainers and Fedora gurus.
