Fixity Checking

Community discussion

1. There's an argument to be made that all we ought to require is that a LDP-S support:
   - LDP-NR with description, so that there's a resource to attach fixity info to
   - Want-Digest

- Email thread: https://groups.google.com/d/msg/fedora-tech/HMpD9n4273U/hOWX5WQ2CgAJ

Working Draft

- http://fcrepo.github.io/fcrepo-specification/
- ~~Google Doc~~
