

2016-10-30 VIVO Updates

Outreach and Engagement call this Thursday Join us this Thursday at 1 PM US Eastern time for the monthly call of the [Outreach and Engagement Interest Group](#). All are welcome! The group discusses all issues regarding getting the word out about VIVO, engaging faculty, project management, change management, use cases, and much more. It's not a technical conversation. If you are new to the VIVO community, or new to VIVO calls, this is a good call for you. We use [Webex](#). It's easy and free. Install Webex before the call, test it, and then when its time for the call, use this link: [Outreach call Webex Link](#). Join in the conversation!

VIVO on Twitter Did you know VIVO is on Twitter? Follow @vivocollab on Twitter. Twitter is our most active social media outlet. We have more than 1,000 followers. Not only will you see VIVO news and updates as they happen, you'll see partners sharing news with our community. We don't post politics, advocacy, or any other topics not specifically related to the VIVO Project. Join us on Twitter at <https://twitter.com/vivocollab>

VIVO on Facebook Prefer Facebook? All our tweets go to Facebook, so you won't miss a thing. Join us on Facebook at <https://www.facebook.com/VIVOfcollaboration>

VIVO on LinkedIn Prefer LinkedIn? Well, to be honest, we're not very active on LinkedIn. We don't have a tweet stream into LinkedIn. We occasionally cross-post from VIVO Updates or other posts to LinkedIn, but it's not a common practice. You can join us on LinkedIn at <https://www.linkedin.com/groups/2905369>, but you won't see much. If you have ideas about how to improve our LinkedIn group, please send me a note.

Go VIVO!

Mike
