Notes

Theming

UNAVCO:

<http://connect.unavco.org:8081/vivoboot/>

- very similar to the Symplectic theme
- take advantage of mobile friendly - menu becomes hamburger
- Stripped out funnel back
- Uses facet view with ElasticSearch (not a standard VIVO feature) - was already using bootstrap
- Includes AltMetric badges in lists, and ReadCube integration
- Added an icon next to title based on class group
- Bit of a slog getting the admin stuff compatible with Bootstrap

Data Loader

- taking a spreadsheet and loading into VIVO in a simple step

- Supports faculty and pubmed works.
- May work with Catalyst API (Profiles) to identify works.
