- Please note the change to eastern daylight savings time in the US→+1 hour

Discussion items

Item	Who
Catch-up, Announcements	All
New DSpace logo • process • Step one: Carol signed up/provided information for 99Designs • Step two: Send a message to members of the DSpace Steering Group, DSpace Leadership Group, DSpace 7 tech team, DSpace 7 Outreach Group, and DCAT explaining why we are doing this and inviting them to participate in rating designs, emphasizing the need for a fast turn-around with an explanation of how the final decision-making process will work. • Step three: DSpace Steering Group chair David Lewis, Debra Hanken Kurtz, Tim Donohue and Carol to select final based on voting and ask for final adjustments • Step four: Create logo use guidelines, develop "Ask me about DSpace 7" or "Ask me about the new DSpace" pin with new logo, and write press release with information about where to download the new logo • tentative timeline • Mar 14-Mar 21: 99Designs logo design work • Mar 21-Mar 28: Voting • Mar 29-31: Final selection, adjustments • April 10-14: Guidelines, press release	Carol

Review use cases related to authentication and authorization Authentication: • Integration - Integration with external authentication / authorisation system • Integrations - Authentication through Multiple Mechanisms Permissions & access rights: • Admin UI - Access Rights on all levels of objects within the system • Admin UI - Permissions of a new user in an eperson group • Admin UI - Change permissions of all the bitstreams in a bundle • Admin UI - Configure hidden communities and collections • End User - Item editing by original submitters	Wouter Janssens (Atmire)
Other	

Notes

Catch-up, Announcements

- In the recent DCAT meeting discussion of usefulness of list of repos/what they do
    - The DSpace Registry http://registry.duraspace.org/registry/dspace has an option to declare customizations
    - See them in "Filter by integrations/customizations"
- This group could develop a blog post/distribution regarding outreach to community to make it a regular practice to update their records
- Possbile webinar on how to contribute to the Registry?
- Update on OAI conference: registrations are open for pre-conference and conference, **spread the word**
    - There will be a presentation of the new DSpace UI

New DSpace logo

- Would like as large a comment group as possible beyond the indicated groups as a way to reach out and engage the community.
- Carol to check on parameters and get back to the group
    - *A 99Designs poll can be expanded to any size*
    - *Next week will send polling information to dspace-community@googlegroups.com; 3 days to respond*

Regarding UI Sketches/mock-ups

- The ui-prototype instance is accessible at: http://ui-prototype.atmire.com/
    - The main "cool" thing about this prototype is the in-page loading, e.g. no page refreshes, if you click something the content updates on the page
    - Not ready to be shared widely as an example of how the UI will look
- General suggestion from the tech team is that it is early to speculate on what a new UI will look like. There is support for moving forward on developing a new logo as a first step in making a new UI look sleek and modern.

Review use cases related to authentication and authorization

(Wouter/others to add notes to use cases)

Action Items

- Mariya Maistrovskaya to begin draft of update community expectation management article focused on search and browse functionalities (2-3 weeks)
- Carol Minton Morris add timelines for various outreach initiiatives to wiki
- Wouter Janssens (Atmire) feedback from UI group regarding requirements for non-functional UI "sketches" to be used in discussing/presenting DSpace 7 development
- Carol Minton Morris share information about 99Designs poll distribution
- **ALL, very important, continue to work on/comment on use cases**
