DSpaceDirect KnowledgeBase Home

The KnowledgeBase is designed to help users become immediately productive with DSpaceDirect. The content focuses on how to set up and run a repository, and answers frequently asked questions about DSpaceDirect. The material contained here is not a duplication or replacement for the official DSpace software documentation, but a supplemental resource. The content is still under development and we welcome your feedback. Please contact dspacedirect@lyrasis.org if you have any suggestions.
