

Managing funding opportunities

DSpace-CRIS allows you to manage funding agencies as an entity, so to collect information about the organization and link them with other entities within your CRIS.

Aarhus University Research Foundation	4
AbbVie Pharmaceuticals	3
Abdus Salam International Centre for Theoretical Physics	4
Abengoa	1

2) Linking funders to projects

From aggregated data you can then then explore the details of each funded project. This is an important feature because allow decision makers to quickly see what kind of researches and projects are interesting for funders so to act on promotional activities.

3) Automatic screening of new opportunities

If the external agency allows that, it is possible to implement automatic updates of the funding opportunities created by each agency.

4) Notification of new opportunities

It could also be possible to set automatic notifications for researchers and offices interested in specific grants/funds opportunities.
