- Daniel Lamb blocked URL

Regrets

- Andrew Woods
- Simeon Warner

Agenda

1. PRs

   a. Adding section clarifying acl:Append - pending review from Benjamin Armintor and Daniel Lamb
      - https://github.com/fcrepo/fcrepo-specification/pull/206
      - https://github.com/fcrepo/fcrepo-specification/issues/170
   b. Adding language for remote ACL and Group Listing resources - pending review from Benjamin Armintor
      - https://github.com/fcrepo/fcrepo-specification/pull/208
      - https://github.com/fcrepo/fcrepo-specification/issues/168
   c. Add section on ACL linking on resource creation - pending review from Benjamin Armintor
      i. https://github.com/fcrepo/fcrepo-specification/pull/214
      ii. https://github.com/fcrepo/fcrepo-specification/issues/176
   d. Added text for HEAD and GET requests to LDPCv objects - related to #244
      - https://github.com/fcrepo/fcrepo-specification/pull/224
      - https://github.com/fcrepo/fcrepo-specification/issues/223
   e. Creating versions with POST - updated in response to comments - ready for re-review
      i. https://github.com/fcrepo/fcrepo-specification/pull/239
      ii. https://github.com/fcrepo/fcrepo-specification/issues/215
   f. Torching Depth header in lieu of advertising recursive DELETEs

      i. https://github.com/fcrepo/fcrepo-specification/pull/241
      ii. https://github.com/fcrepo/fcrepo-specification/issues/234
   g. Require support for external content with access-type=url - pending review from Daniel Lamb and Benjamin Armintor
      i. https://github.com/fcrepo/fcrepo-specification/pull/242
      ii. https://github.com/fcrepo/fcrepo-specification/issues/237
   h. Prohibit PATCH on LDPCv - pending review from ALL
      i. https://github.com/fcrepo/fcrepo-specification/pull/244
      ii. https://github.com/fcrepo/fcrepo-specification/issues/243
2. Issues
   a. Use Location header for ingest-by-reference
      i. https://github.com/fcrepo/fcrepo-specification/issues/236
      ii. Looks good, needs a PR
   b. What are the semantics of version restoration?
      i. https://github.com/fcrepo/fcrepo-specification/issues/238
      ii. Consensus: drop version restoration and use ingest-by-reference instead
   c. Modeshape Impl: Interaction models effectively can't be changed
      i. https://github.com/fcrepo/fcrepo-specification/issues/229
      ii. Nothing to be done for the ModeShape impl... others will be different

Notes

1. PRs

   a. Adding section clarifying acl:Append - pending review from Benjamin Armintor and Daniel Lamb
      - Daniel Lamb to add a comment on PUT
   b. Adding language for remote ACL and Group Listing resources - pending review from Benjamin Armintor

- Merged
c. Add section on ACL linking on resource creation - pending review from Benjamin Armintor
    i. Esmé Cowles to respond to Benjamin Armintor's review
d. Added text for HEAD and GET requests to LDPCv objects - related to #244
    - 224 depends on 244, to be addressed
e. Creating versions with POST - updated in response to comments - ready for re-review
    i. Merged
f. Torching Depth header in lieu of advertising recursive DELETEs

    i. Daniel Lamb to address Benjamin Armintor's review.
g. Require support for external content with access-type=url - pending review from Daniel Lamb and Benjamin ArmintorBenjamin Armintor has left concerns as a review about the MUST.
h. Prohibit PATCH on LDPCv - pending review from ALL
    i. Will solicit input from Andrew Woods
2. Issues
    a. Use Location header for ingest-by-reference
        i. Waiting for comments from the whole group
    b. What are the semantics of version restoration?
        i. Depends on a.
    c. Modeshape Impl: Interaction models effectively can't be changed
        i. Closed
