Notes

DSpace 7 Update

- The small DSpace 7 development team is making good progress on 4 aspects of the new user interface:
- https://github.com/DSpace/dspace-angular/issues (demo web site is updated auto each time code is committed)
- Bridge between what has been done and outreach group—please add your comments
- new search features and visualizations coming by early Q1 2018
- There is a focus on backwards compatibiility to DSpace 6 in submission process—end of year, going well
- Authentication and authorization, my DSpace page also are in process

OR2018 submissions by Jan 5

- 2 workshops planned: rest api and UI customizations (for developers, technical ease with html would be helpful) plus update preso in general conference track
- promoting the new UI for repository managers
- Send OR workshop/presentation feedback to Tim

Communicating about What's In DSpace 7

- Yes this group will develop a general message (not documentation)—focus not only what is new but what are main features
- series of topics with focus on specific DSpace 7 features—fact sheet
- core features focus
- Process: Fact sheet for DSpace 6—list, and then map into 7
- Jan 3, Jose Carvalho will develop Dspace 6 list for review by Jan. 3
