Notes

1. Introduction - [Andrew Woods](#)
 - a. About 10 years with Duraspace (before it was even Duraspace)
 - b. Technical manager/lead for FEDORA for past several years
 - c. Helping to coordinate technical work and ensuring things move forward
 - d. Discussions ongoing regarding technical lead role (in general) in VIVO leadership circles
2. Community development and priorities
 - a. Core improvements
 - b. Community extensions
 - i. Data Distributor <https://cul-it.github.io/vivo-data-distribution-api/>
 - ii. [VIVO-1252](#) - Incorporate Cornell's DataDistributor API into core Vitro. **RESOLVED**
 - c. [1.10 Release](#)
 - i. Ontology improvements
 - ii. Export serialization option [VIVO-1409](#) - Support serialization options in Jena2tools and jena3tools **OPEN**
 - d. Other...
 - e. Notes
 - i. Ralph: Do need someone good with code and community work. Several side projects ongoing but would be useful to see this code make its way back into the core code base.
 1. Andrew: two needs = moving code forward as contributor, also code relevant to VIVO doesn't always make its way back into core code base
