## Notes

**Housekeeping: OR2018 organizers are planning to make informal meet-up spaces available on Sunday before OR; will enough of us (DSpace 7 OR Group) be attending to plan for an in-person get-together?**

- Not known who will attend yet
- DSpace committers are planning on getting together; no agenda yet; could be an open to all interested in DSpace
- Those who are in Bozeman on Sunday will find the DSpace group

### DSpace 7 Update

- Tim reviewed the draft DSpace 7 Development Planning document and explained that he would update to accurately reflect in-process "What's in DSpace 7" <https://goo.gl/RZ2C3P> doc
- Indicates how much work there is left to do and what is completed
- Eventually it will contain start and end dates for development sprints

**José continued review/discussion of "What's in DSpace 7" <https://goo.gl/RZ2C3P>**

- Very good document/resource, just what is needed to understand DSpace 7 features and get users excited about DSpace 7
- This group will continue to review, provide feedback
- José will share with Maureen Walsh and schedule release of <https://goo.gl/RZ2C3P> to DCAT for review/feedback asap or in March
- ASAP publish on blog/social media
