      - First PR for the form module may be coming in the next week.
      - In two weeks, the PR for the submission should be coming. But, Giuseppe will keep us updated.
  - Tickets / PRs requiring review:
    - Lotte's Search PR: https://github.com/DSpace/dspace-angular/pull/235 (**Needs reviewing ASAP**)
      - Giuseppe will review. Tim too.
    - Kristof's Admin Registry PR: https://github.com/DSpace/dspace-angular/pull/246 (Dependent on #235. Once #235 is merged, this PR will be much smaller)

      - Some minor comments from Art. Giuseppe to look at again
    - Docs enhancements PR: https://github.com/DSpace/dspace-angular/pull/245
  - New issues:

  - Merged PRs:
    - (none related to REST API, some backports for 6.3)
  - In Progress tickets / PRs:
  - Tickets / PRs requiring review:
- Open Repositories 2018 (June 4-7) Planning
  - We have a demo scheduled at OR2018 (Tim has an update talk on Thurs). We want to be able to show off all the recent hard work, especially the Submission/Workflow UI.
  - Ideally, all this code is merged into "master" before OR2018.
  - However, in May, we should look at current status of Submission UI / API code. We could create a temporary "or2018" branch to manually merge this work *just for the OR2018 demo*. Then, if needed, work can get merged to master post-OR2018.
- Up next:
  - Tim will help review/merge PRs, especially on Angular side of things
  - Art will be looking at the navigation / administration sections. Will look towards mockups for this.
- **Next Meeting will be Thurs, April 26 at 14:00UTC in DSpace Meeting Room**
